The World Health Organization stated that, due to its safety, effectiveness and cosmetic properties, PiACTIVE™ was their recommended product for repelling Mosquitos, and of note, those that carry Malaria. They also noted that under some circumstances it was more effective than DEET and is recommended as a first line of defense in tropical climate regions.

PiACTIVE™ (20% Icaridin) is a new Health Canada Registered repellent to protect against insects. It offers an amazing 12 HOURS of protection against Mosquitoes and Ticks, and 10 HOURS of protection against Black Flies. It is non-scented, won't leave your skin feeling oily, greasy or sticky, and does not harm plastics or synthetics...That means it will not harm your Fishing lines & Outdoor Gear!
