General Purpose Cleaner with Hydrogen Peroxide

A concentrated general purpose cleaner with proprietary Accelerated Hydrogen Peroxide (AHP[®]) technology for high-productivity cleaning

Features & Benefits

- Uses the patented cleaning power of proprietary Accelerated Hydrogen Peroxide (AHP[®]) technology to clean floors, bathrooms, glass and hard surfaces
- Heavy-duty cleaner that is safe on most hard surfaces, including marble floors
- Concentrated formula controls cost by delivering excellent cleaning performance for significantly less than ready-to-use products
- A phosphorous-free cleaner that contains no added dyes or fragrance

Applications

- Available in dilution control for ease in use, safety and cost control
- Can also be used for carpet spotting and extraction cleaning
- Use in autoscrubbers, mop and bucket and spray-and-wipe applications

Use instructions

Carpet Spotting, Heavy Duty Spray & Wipe Cleaning or Restroom Cleaning

- Dispense into spray bottle at 1:64 dilution or dilute 2 oz. per 1 gallon of cold water. Spray and wipe surfaces or apply product to carpet spot, agitate and rinse with water

Glass and Medium Duty Spray & Wipe Cleaning

- Dispense into spray bottle at 1:128 ratio or dilute 1 oz. per 1 gallons of cold water. Spray and wipe surfaces.

Daily Floor Cleaning or Carpet Prespray or Extraction use at 1:128 (1 oz./gallon) or 1:256 (0.5 oz./gallon) Dilution

- Dispense into bucket or autoscrubber using cold water. Apply to floors and allow to air dry or pick up excess water prior to opening to traffic. Floors will be slippery until dry. If applying finish or maintainer, a rinse is required.

For use as a carpet prespray or extraction cleaner

- Prespray area to be cleaned and extract with water.

Note: When cleaning floors position wet-floor signs around area to be cleaned. Floors will be slippery when wet or contaminated with foreign materials. If being used on carpet for the first time, test in an inconspicuous area.

Shower Room Cleaning

- Spray directly from the RTD dispensing system or fill bottle or bucket with product. Apply product evenly onto surfaces and allow to dwell for 30 seconds. For best results, scrub surface. Rinse with the RTD Spray dispensing system potable water. Wipe surfaces or allow to air dry.

Note: Do not allow product to dry on surfaces.

Table with 2 columns: Technical data and PERdiem™/MC. Rows include Certifications, Color, pH, Scent, and Shelf Life.

Table with 4 columns: Product, Pack size, Dilution, and Product code. Lists various product configurations and their corresponding codes.

This product meets Green Seal™ Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on: VOCs and human & environmental toxicity. GreenSeal.org.

Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at www.diversey.com or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate. Please refer to the Diversey HazMat Library, only available through Internet Explorer, http://naextranet.diversey.com/dot/, for up-to-date shipping information.
